

WE KEEP YOU RUNNING

OUR SERVICES

Heating and Air Conditioning— We service all brands of roof top HVAC units, hoods, make-up air and exhaust units, and evaporative coolers.

Refrigeration— We specialize in the diagnosis and repair of walk-in and reach-in coolers and freezers. We also repair ice machines, fountain machines, prep tables, beverage coolers, open air coolers, and more.

Appliances— We repair all major commercial appliances including, but not limited to, ovens, steamers, flat-top grills, mixers, fryers, hot dog rollers, sandwich warmers, coffee machines, cappuccino machines, and dishwashers.

Scheduled/Preventive

Maintenance— We offer a customized scheduled maintenance program to help you make informed decisions for your repair and maintenance budget. During the monthly, quarterly, or semi-annual visit and upon your manager's approval, our technician is available for any additional repairs that may be discovered during the maintenance visit without additional travel and truck charges.

THE RT DIFFERENCE

Founded in 1994, RT Mechanical is a local and family-owned business serving the Denver Metro area. We employ courteous and

We specialize in HVAC, refrigeration, and appliance repair for commercial customers.

We offer upfront pricing with no hidden charges and fees. Our detailed invoices are printed onsite with a clear explanation of services performed. We let you know exactly what you are paying for and can provide a written estimate for larger repairs so you can manage your costs.
